Attainment of Programme outcomes and course outcomes are evaluated by the institution:

- **Attainment of Cos:** At the outset of each session, Course Outcomes for our students are elucidated and outlined. The classes are meticulously structured, with detailed teaching plans crafted for every course, adhering to predetermined timeframes aligned with the academic schedule of our affiliating university. The assessment of student's learning, which is used to measure the attainment of course outcomes, is made an integral and regular part of instruction. The performance and progress of the students are regularly monitored through various assessment tools and methods. The Principal also takes its review in the Staff Meeting and directs the faculty to concentrate on increasing the quantum of their Course Outcomes. IQAC conducts annual students' feedback on teaching-learning process which helps the teachers in improving their teaching quality. Participation of students in group discussions and departmental seminars, Assignments, Class-Tests, Project and Field Works are also good indicators in the attainment process of COs. Teachers can analyse how well the students incorporate their understanding of the Courses and Outcomes in writing answers.
- **Attainment of Pos:** The results of the final year students show the outcomes of the program. The attainment of programme outcomes is evaluated through students' progression. The learning outcomes are monitored through the performance and the results of students in internal and university examinations. Each department analyses the performance of their students in its Departmental Meeting. The effectiveness of our Programme Outcomes is gauged by the pathways that students choose after graduation, including pursuing higher education, securing positions in government or private sectors, or venturing into entrepreneurship and self-employment. These milestones serve as crucial benchmarks for evaluating the success and impact of our educational objectives.
